Subject: PC78 - Panel Direction 26 April
Date: Monday, 1 May 2023 9:51:07 am

Thank you for the opportunity to submit on this matter.

The St. Helier and Glendowie Residents Association advocates for the deferral of Plan Change 78 (PC78).

Nonetheless, we do not endorse (support) the selective hearings of certain aspects of PC78 until all concerns related to the deferral have been addressed.

This approach would only create additional complications and substantially elevate the expenses associated with the plan change procedure.

In the meantime, the existing Auckland Unitary Plan offers more than sufficient range and potential to satisfy the city's development requirements.

Regards

Lauren Hawken
